California's New Laws

Hundreds of new laws are on the books of the state, designed to help, prevent or confuse this and that. But it is comforting to know that life will go on pretty much the same for the law-abiding citizen, because laws in general are to protect us from the unscrupulous.

One law of note, showing good sound judgment, is that preventing the use of any school building as the meeting place for radicals who would overthrow our government. To permit the use of our school buildings by Reds and those of like ilk, is entirely too much like lending a burglar a gun with which to hold us up and shoot us.

No Monopoly on Newspapers

Not long ago our obituary was published in the Pine Cone, but the account of our death was not only many years premature but was greatly exaggerated as well. In that obituary the smug statement was made that Carmel needed but one newspaper. We say, and we intend to prove that a community of the size and aspirations of Carmel needs two newspapers and that the city's activities, whether social, political, artistic, musical or commercial, should not be subject to the whimsical criticism of one man or one organization—that a monopoly of local news or public comment in a community as intelligent as this would be disastrous.

Now, in this regard, we assure the public that we are not dead, and not even sick, but on the contrary are very much alive, and intend to publish all the news of the city each week, and to continue an honest and vigorous editorial policy in which we will criticize when we feel that it is necessary and will commend when commendation shall have been earned. No consideration, neither friendship, enmity, nor loss nor gain of subscribers or advertisers will swerve us from our policy of justice and truth.

Carmel needs such a newspaper and here it is.

Lead Cheers for Edward Kuster

The changing of the Playhouse into the Filmarte—a high class motion picture house, means that Edward Kuster, Carmel's leading dramatic producer, is practically out of the local theatrical picture since the Filmarte is to be operated on a lease.

We hope Kuster will eventually return to his activities in Carmel, but in any event, he has once more shown his faith in Carmel by the expenditure of a large amount to rebuild the Playhouse into the high class enterprise it is.

For long and bitter years Kuster has spent a fortune in fighting to put Carmel on the dramatic map. He has steadfastly refused to produce any play not of dramatic importance. During this time he has had to compete with the cheapest of motion pictures and a line of entertainment made up of Harlem dancers, magicians pulling jackrabbits from a hat, cornstalk fiddlers and various dime-show entertainers, all under the high sounding title of "culture."

Something for AAA To Explain

Higher bread prices and a lower quality of bread is predicted by bakers who are having difficulties in getting good wheat, meeting the processing tax, and trying to keep pace with the senseless and infamous AAA which plows under millions of acres of prime grain and

Filmarte Theatre To

Be Peninsula Favorite

To the peninsula has come something rare with the opening of the cozy Playhouse at Ninth and Monte Verde, Carmel, as a moving picture theatre. Comfortable seats, plenty of ventilation, no smoking indoors, and that highly important feature, an excellent machine, combine to make tremendous drawing power.

Foreign made films will be shown on specified dates, and the audiences are asked for suggestions.

The large crowd showed their approval at the opening Tuesday night, by cheering the pictures and the popular young manager, Richard Bare in his announcements that although there would be no smoking indoors, an excellent place had been provided in the new arbor at the front, where coffee would be served between shows.

The gorgeous spectacle, "Chu Chin Chow," the story of All Baba and the Forty Thieves, a British-made film, was given as the premiere. Anna Mae Wong, Fritz Kortner and George Robey took the important roles and received great praise.

Mickey Mouse and the Silly Symphony, Going Places with Lowell Thomas and Pathe News were all received with enthusiasm.

Friday and Saturday only, Filmarte patrons will see "The Mystery of Edwin Drood," a thriller plotted by Dickens, but which his death prevented his finishing, with a surprise climax, and the next three nights, Sunday, Monday and Tuesday, the favorite English actress, Diana Wynyard, in Galsworthy's "One More River."

Previews and advance notices show the coming pictures to be of gripping proportions and it is safe to say that the Filmarte will become the peninsula's favorite place of entertainment.

then has to IMPORT inferior wheat at top prices to feed the hungry.

In all history, you can't beat that for sheer idiocy. Plow under every third acre was the slogan—in order that we may have high prices, good times and lots of votes from those who receive adjustment checks.

The real solution of the country's troubles is to plow under every third, or even every second, crack-brained expert such as those who have tried to regulate everything from nature to a man's appetite and have accomplished nothing.

The Constitution and the Fixers

For 148 years the constitution of the United States has been a living testimonial of a free people to the rest of the world which has been made over half a dozen times during our constitution's existence. During this 148 years nearly every other nation has violated every right of its citizens which we of the United States enjoy. And in spite of this, and in the face of the most colossal failure of every wild scheme of nitwit politicians in Washington—these same politicians now blame the constitution for their blunders and propose changes that would make the average person slightly better than a puppet.

It was only by the concentrated efforts of newspapers throughout the country that the press was not licensed and free speech banished.

Any thinking person knows that nothing short of supreme dictatorship will ever satisfy the school-boy politicians in Washington. And any thinking or even unthinking person knows that to change our constitution for something wholly unknown is too much on a par with Red Russia. We do not need or wish dictators.

MISSIONARY SOCIETY TO

MEET NEXT TUESDAY

The Carmel Missionary society will meet at 2:30 Tuesday afternoon, September 24th in All Saints' parish house. Rev. Austin B. Chinn will give an account of the mission work of the Episcopal Church in South America. He will speak particularly of the mission located at Rio Grande do Sul, Brazil.

At the close of the meeting, a farewell tea will be given to Mrs. Rose DeYor, who is soon to leave for Honolulu to make her home.

LADS GIVEN WARNING

BY JUDGE MONTY PELLAM

Thirty Monterey youths "ganged" and were rounded up by police when they tried to enter the Monterey ball park during the football game and afterward. When they were taken before Judge Monty Pellam, he gave them a talk against rowdiness and advised them that such actions must stop. The boys' names were listed and any further offense will not go so well with them.

MONTEREY AND CARMEL

LADS WIN IN FIGHTS

Peninsula people will be interested to learn that Bob Dalton, young Carmel boy, won the light weight title of the Popoia, Idaho, OCO district in a recent tournament lasting four days. Bob received a large silver cup. Frank, the older boy, was not so fortunate, having lost to the champion, Sammy Currier, a Monterey boy, trained by Tex West.

Daughters of the Union Veterans are practicing in preparation for the visit of the inspectress, Mrs. Clara Llewellyn, Huntington Park, who will arrive in Pacific Grove Wednesday, September 25.

TOWNSEND CLUBS ENJOY

TWO WHIST PARTIES

One of the most successful of the Grove Townsend card parties was held Friday evening in the Civic club house. Mrs. Caroline Ward headed the committee. Prizes of the evening went to Mrs. W. C. Doney, Miss Lila Niles, A. E. Fry, Mrs. Edgar McGowan, Mrs. A. L. Standford, Mrs. Eva Barker, Theodore Schaick, Mrs. Josie Eumons, Edgar McGowan, Mrs. Thomas F. Wood, Mrs. G. G. Bagley, Mrs. Derriek, C. D. Todd, Mrs. C. D. Todd, Lola Taylor, Mrs. Eva Haverfield, Miss Kate Slattery, Mrs. E. O. Walker, F. S. Smith and C. J. Lee. Dancing was enjoyed after the card games and Ben Phillips, and his wife of Carmel, furnished the music.

Ten tables were in play at the card party given by the Monterey Townsend club No. 1 in the New Monterey fire house Thursday evening. A meeting will be held every second Thursday of each month. Prizes went to Mrs. Mary Rose, Mrs. C. B. Hinkley, Mrs. C. H. Culp, A. Correia, Leo Houde, Mrs. John Taufner, Miss Francis Freels, Mrs. A. L. Standford, Charles Culp, C. B. Ziegler, Mrs. Sidney Ruthven, Mrs. F. M. Barnes and J. A. Williams. Mrs. W. E. Wagner and Mrs. C. B. Hinkley were in charge of the arrangements.

FRANK PFEIFFER DIES

FROM INJURY RECEIVED

Death took Anthony Pfeiffer, 59, Sunday, after he was injured when a 300 pound rock fell upon him as he was working on the San Simeon highway last Thursday, breaking his spine. An operation was performed on the injured man but his life could not be saved.

Mrs. Charles Parmelee Eells is expected home soon from an extended visit in the East. On her way home she stopped in Ross to attend the wedding of her granddaughter.

Friends of Thomas Fisher, well known chief of the Highlands fire department, will be glad to learn that he is convalescing from his recent illness. He was confined to the hospital for a few days.

The Monterey Junior Chamber of Commerce may build a model house in the Monte Regio district, the lots having been offered free by the Misses L. M. and V. Jacks.

Miss Helen Newmark, who attends the University of California, spent last week-end at her home in Carmel, and had as her guests, Miss Edith Philbert, William Coons and Walter Keck, fellow students.

Jean, little 3-year-old daughter of Mr. and Mrs. J. H. Hallett, Santa Rita street, Carmel, was the honoree at a lovely party given by her mother Friday afternoon. The occasion was the little lady's third birthday.

A most enjoyable evening was spent last Thursday when the teachers of Sunset school, Carmel, were guests of the board of trustees at a barbecue at Indian Village.

INSPECTOR MAKES VISIT

TO WOMAN'S RELIEF CORPS

With a luncheon in the Southern Inn, the ladies of Lucius Fairchild Women's Relief corps entertained in honor of Mrs. Mamie Deems, department inspector, Los Angeles, Friday. Mrs. Deems complimented the ladies on their work during the afternoon session, at the Grove Masonic hall, when Mrs. Charles F. Brown presided. Announcement was made of the meeting of the Red, White and Blue club September 20 at the home of Mrs. W. B. Filcher, at 412 Sixteenth street.

CARMEL SEAMSTRESS

TO TEACH SEWING

Miss Esther Englesby, with whom Carmel people became acquainted when she was associated with the Jasmine Bush, will conduct the sewing classes this winter under the Adult Education program. The class will probably meet each Thursday afternoon from 2:30 to 4:30 in the lunch room at Sunset. The Monterey class will meet on Monday and Wednesday evenings.

Mr. and Mrs. Guy S. Curtis had as their guests over the week-end Doctors Lawrence and Mary O'Meara and their son, Terry of southern California. The O'Mearas, formerly residents of Monterey, were concluding a two weeks' vacation trip.

The meeting of the Spanish War Veterans auxiliary last week was marked by enthusiasm for the coming winter months. The ladies planned to join with the Veterans for a social hour after the next meeting, September 25, and will give one of their delightful card parties October 9.

After a vacation during the summer, the DeMolays met for their first meeting of the season Tuesday evening at the Monterey Masonic temple. The chapter started off nicely and promises to be bigger and better than ever this year.

The last of the series of whist parties arranged by the Grange will be given this (Thursday) evening at the Del Monte school, with Mrs. I. J. Wheat in charge. The Grange is planning for a big Booster Night meeting soon.

A marriage license was granted to George H. Walda, 23, Monterey and Levia Rimassa, Watsonville.

JUNE DELIGHT MOVES

TO LARGER QUARTERS

On account of the rapidly increasing number of her pupils, June Delight has been forced to seek larger quarters for her dancing classes and accordingly will teach at the Boy Scout house at Mission and Eighth, beginning Saturday.

Although June Delight came to Carmel with the highest references nearly two years ago, she did not rest on her laurels but on many occasions has demonstrated her talent and ability, especially winning much acclaim in her work at the Serra pageant both this year and last.

But in the last analysis, the major recommendations for June Delight's teaching are that her pupils really can dance.

FISHING FLEET BLESSED

IN SUNDAY'S CEREMONIES

At 2 o'clock Sunday afternoon, a long procession, led by the Santa Rosalia band of Pittsburg, left San Carlos church, Monterey, for the new wharf, where the fishing fleet was blessed, in memory of Santa Rosalia, patron saint of Palermo fishermen. The services were under the direction of Bishop Philip G. Scher of Fresno, who was assisted by the Catholic clergymen of the peninsula. Santa Rosalia, daughter of an ancient king of Palermo, was said to have saved her city from pestilence and to that act has long been held in reverence by the Palermo fishermen. Many of the Italian fishermen of Monterey are from Palermo and to them the scene was particularly impressive.

CASE WAS DISMISSED

Charged with contributing to the delinquency of four young grade pupils, George Hubbell, Gonzales, was dismissed by Judge H. G. Jorgenson for lack of evidence. Miss Grace Widemann, under whom Hubbell worked, testified that she did not believe the charges true, and that although the alleged offense was said to have taken place in December, she did not hear of it until May when the board instructed Hubbell to resign or have charges filed against him.

Larwin Tooley, 26, Pacific Grove, took out a marriage license this week, his bride being Miss Josephine Muller of Dixon.

SEASIDE TEACHERS WIN

FIRST ROUND IN SUIT

The first round of the suit
against the Seaside school trust-
tees, H. Beach and Richard Hil-
bun, was won by the plaintiffs,
Misses Marie Bushell, Mary
Elizabeth Gloeckner and Lillian
Moe, when Judge H. G. Jorgensen
overruled the defendants' de-
murrer and gave them 15 days
to answer the complaint. Beach
and Hilbun, through their at-
torneys, stated that there was
no cause of complaint, using as
their excuse that the statements
which brought about the suit,
were made by the trustees in
their official capacity. The
judge ruled that their statements
were not privileged. Total dam-
ages of \$60,000 are demanded by
the teachers.

THERE is not one solitary moment of your time taken
to keep fires going when you have gas heating in your
home. A turn of a key or a touch of your finger on a ther-
mostat and you command clean, constant, lively heat, to
brighten cold gray days hour after hour without further
attention.

More than that, too, your wall paper, rugs, woodwork
and furnishings stay fresh and new-looking longer. That
means less constant cleaning and dusting because there is
no furnace or stove dirt and dust to clean up at any time
in a gas heated home.

Perhaps you know all this but you have guessed gas heat-

—all the facts about the economy of gas heating. Then
you will decide you can afford to heat your home this mod-

CHRISTIAN SCIENCE CHURCHES

"Blow ye the trumpet in Zion, and sound an alarm in my holy mountain: let all the inhabitants of the land tremble: for the day of the Lord cometh, for it is nigh at hand." These words from Joel comprise the Golden Text to be used Sunday, September 22, in all Churches of Christ, Scientist, branches of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The subject of the Lesson-Sermon will be "Matter." Included among the Scriptural selections will be "Thus saith the Lord the King of Israel, and his redeemer the Lord of hosts: I am the first, and I am the last; and beside me there is no God. They that make a graven image are all of them vanity; and their delectable things shall not profit; and they are their own witnesses: they see not, nor know: that they may be ashamed" (Isa. 44: 6,9).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "Spirit and matter can neither coexist nor cooperate, and one can no more create the other than Truth can create error, or vice versa. In proportion as the belief disappears that life and intelligence are in or of matter, and immortal facts of being are seen, and their only idea or intelligence is in God. Spirit is reached only through the understanding and demonstration of eternal Life and Truth and Love" (p. 279).

Miss Rose Regnier and Mrs. Elizabeth R. Schneider, Pacific Grove, were injured when their car collided with that driven by Richard F. Lewis, Hotel Del Monte.

INADEQUATE LIGHTING
CAUSES PHYSICAL ILLNESS

Thousands of visitors to the Sacramento fair showed intense interest in the exhibits demonstrating ways and means of making the farm home a more desirable place to live, both for comfort and for convenience.

One of the exhibits which attracted a great deal of attention was the demonstration for better lighting in the home.

Eyesight specialists have for some time been urging better lighting in the home to preserve eyesight and prevent eye defects, especially in the eyes of children. The problem of protection of eyesight in the home is becoming more and more acute because about five times as much reading is done in the average home than was done a decade ago. Unless lighting conditions are right, this increased burden on the eyes is bound to result in crippled eyes.

Each visitor to the demonstration booth at the fair was invited to read a page of print, and as he read the light was gradually increased until it reached the intensity he found most comfortable. This intensity was then measured by means of the Sight-Meter, a photo-electric cell registering the amount of light falling upon the reading page. Usually the visitor was surprised to find that the amount of light he chose as comfortable for reading was about ten times as much as he reads by ordinarily. This reading under inadequate light is the source of a great deal of eye trouble, which may also result in other physical ills and nervous disturbances.

LEAVE FOR SAN RAFAEL

The many friends of the Rev. Ernest J. Bradley, chaplain at St. John's Del Monte, for the past five years, will be sorry to learn that the condition of his health makes it imperative for him to leave the peninsula and go to San Rafael to the home of his daughter. Dean Harold Brewster, of Fargo, N. D., who has a home in Carmel Woods where he spends a great deal of his time, will be in charge at St. John's for a time.

"MODERN DAZE" TO BE
PRESENTED IN CARMEL

Through the courteous cooperation of the management of the new Filmarte Theatre, (formerly The Playhouse), Mrs. M. J. Peterson (Katherine Brocklebank) has secured the theatre for the production of her latest play, "Modern Daze," which will be presented for the first time on any stage, on Friday and Saturday nights, September 27th and 28th.

Two well known professional actors will head an excellent cast, composed of some of Carmel's most talented amateurs.

"Modern Daze" is a gay comedy dealing with the problems of our ultra-modern life.

Carmel is promised a rare treat in the forth-coming production.

Frank Hefling has gone to Hayward where he will make his home. He will be missed in Carmel, especially in dramatic circles as he was one of the standbys in amateur plays.

A move is under way in Pacific Grove to install a set of chimes in that city in memory of Miss Julia B. Platt, one-time mayor, and always active in the interests of the public. Those who will join in the movement are asked to communicate with Mrs. Walter K. Fisher, Box 220, Pacific Grove.

CHARLES FREDERIC COLLIN
TO SPEAK AT MEETING

Charles Frederic Collin will speak at the regular weekly meeting of the Social Credit group on Thursday, September 26. The meeting will be held as usual in the art room at the Sunset school at 8:00.

In a recent interview granted to Winifred Howe, published in the Monterey Herald, Mr. Collin said:

"I am a sort of pioneer plain man in Social Credit. I used to read a magazine called 'The New Age' which was published in

London by Orage. I read it for its extremely intelligent comments. . . . When articles by Douglas began to appear, I rather resented them, but I read them just the same. . . . As I see it, if enough people only knew the facts in the book (referring to Douglas' book) they would insist that something should be done."

RED CROSS DISTRIBUTING
CLOTHES FOR CHILDREN

Mrs. John W. Dickinson, assisted by Miss Alma Edler, has been very busy these days

handling the clothing department of Carmel Red Cross chapters. They have been directing a group of loyal women deeply interested in Red Cross activities, in a sewing circle, preparing new articles for the department.

With the opening of Sunset school, demands are being made for suitable clothing for some of the needy children and this clothing is distributed through the school authorities.

This is only one of the many activities of the local chapter as it is also accomplishing a great deal of local relief work, being the only relief agency in Carmel so functioning.
